Meeting Reminder and Change of Speaker

Dave Gentit got called away on a family emergency but Fear Not...have I got a speaker for you!

There are many roads that you can take to get your product to market. There are many different guides you can use to find your way through the process. I was quite impressed when I went on <http://envisionproducts.com/>. Their mission statement says it all.

We offer a COMPLETE and PROVEN process to affordably develop your innovation from mind to market.

David Carson President, Partner and Cofounder of the Envision Product Development Group is going to give you the benefit of his many years of hindsight that will become your foresight saving you from making those same mistakes on your own.

He starts with Validation. He wants to verify that this is in fact a valid investment opportunity for you. He will share with us various ways to do this. As he goes through the steps he will explain not only how but why you need to do this.

I've seen his outline and you don't want to miss this!

So make sure you start the New Year off Right by coming to LIGI Tool & Engineering, Inc. (3220 SW 15th Street Deerfield Beach, Fl 33442) at 1:00 pm on Saturday 1/7/12 to learn how you too "can affordably develop your innovation from mind to market" presented by The Inventors Society of South Florida (a 501 (C) 3 non-profit organization).

For more details and directions please go to our website www.inventorssociety.net or contact Leo Mazur [561-676-5677](tel:561-676-5677) mazurelectric@earthlink.net or Joanna Zaremba [954-486-2426](tel:954-486-2426) joannapoland@comcast.net.

You are receiving this email because you either joined the Inventors Society of South Florida mailing list, you are a member of the inventor community, or you signed up to attend one of our events in the past. Occasionally, we email the community with announcements about information relevant to inventors and service providers.
