Very Important EXPO Information

There is NO meeting at LIGI Tool on 2/4/12. The EXPO replaces our regular meeting.

VERY IMPORTANT EXPO INFORMATION

Some people have had problems registering as exhibitors. When you submit there is a thank you window on the site. It then sends you a confirmation email to the email address you submitted under. It asks you to confirm by clicking the confirm button. When you do, you come to another thank you page and another email is sent to your address. It shows all the information you put on your registration. That is your receipt. If you did not get that email you are NOT registered.

If you want to make sure you are registered drop me an email. Don't call because I may not be able to take down the information. An email will remind me when I am at my computer and can check it.

Thanks,

Leo
